Hi, this is Digger the gopher. I live in my burrow behind Joe and Fae's house. My job is to be a tattletale on them. In my last communiqué I was so upset with Joe I was thinking about moving. I'm happy to report that things have improved somewhat. The noisy oil well that was next door that was upsetting my tranquility finally reached hole depth sometime last month. They quickly turned out the lights, folded down the rig, loaded everything up, moved everything out lock stock and barrel and closed the gate.

Things were certainly looking up as the oil well next door was gone and Joe and Fae had gone to Alva, OK to build another prison chapel.

My tranquility however was short lived as Ruby, Joe's mother, celebrated her 90th birthday on September 26th. Of course, all the in-laws and outlaws began to arrive for the celebration. And then all those grand-kids, nieces and nephews showed up. The first thing they wanted to do was get out the 4-wheelers. Of course the back part of the ponderosa had grown up in high grass and weeds and by the time they left, the place was laid bare and my digs were in shambles. Even Ruby, Joe's mother, got into the 4 wheeling thing. The good news is I don't think any of them are coming back for Thanksgiving.

More bad news. In addition to writing this dumb article, Joe has given me the additional responsibility of paying for the water bill. Of course, you know what happens when you don't pay the water bill. "They turn the water off". "That's bad". So it's important to pay the water bill. Joe and Fae had me go with them back east to Missouri, Illinois, and Indiana. Joe and Fae made missions' presentations to 15 various individuals and groups. It was all about their exciting ministry with World Mission Builders of building churches and chapels.

Bottom line — Please send additional financial support. I need help paying the water bill because if I don't pay the water bill they will turn the water off and that's bad.

CHRIST'S CHURCH OF THE VALLEY
BROWNSVILLE, TEXAS
January 17-28, 2011

John Phillips, Minister, and the fine folks of Christ's Church of the Valley, have invited World Mission Builders to come and frame up their brand new church building on their new land. John's contact information is (956)455-3302 and email is 123phillips@gmail.com.

They are currently meeting in rented space and are anxiously looking forward to worshipping in their new facility. This is a great opportunity to go south for the winter and at the same time participate in the challenge of building a new church building. The church family will provide three meals a day and housing in church members' homes. RV hook-ups will be available at the site or at a church building that is nearby.

Brownsville is located in hurricane alley necessitating we build a 120 mph building. This project will be both interesting and challenging. Presently we have about 25 WMB volunteers signed up, 10 RVs are scheduled, our architect Glenn Short and his wife Jolene will be on site at least for the first week (he was a great help on the Alva Prison Chapel project).

If you have not signed up already, please call Joe @ (580)747.2550 or Fae (580) 242.0561 or email at wiljoeok@yahoo.com. The location of the project is at the corner of I-511 & Emerson Blvd. It is located in the Northeast part of Brownsville.

If you'd like, you can either fly into Harlingen or into the Brownsville airport. We will pick you up and we can share wheels while you are in town. A partial list of those planning on going include: Burt & Mary Lou Davis, Hugh & Carol Lee, Dennis & Ada Greene, Rick & Dianne Balmer + several others from LaHarpe, IL, Harold & Jane Haddock, Tom & Betty Amos, Curt & Sue Wynn, Glenn & Jolene Short, David & Deanna Fink, Joe & Roberta Smith, James & Estelle McKinney, John Williams, Don & Kay Reed & Joe & Fae Wilson. Please send us your email address so we can keep you updated on this project.

UPCOMING EVENTS

2010

November 18-21 Lexington, Kentucky National Missionary Convention.

2011

January 17-28 Brownsville, TX, Frame up a new worship/educational facility for Church of the Valley.
