

2012 Investment Opportunities in the Philippines

Ed Thomas, Director of World Mission Builders, is currently in the Philippines for 9 1/2 months, will be home for 2 1/2 months and then will return for additional 9 1/2 months.

OPPORTUNITY

Ed's presence in the Philippines presents an unique opportunity to complete multiple projects in a timely and effective manner. Ed's talents in areas of leadership, building, and evangelism make this opportunity timely. In other words he can get the job done by turbo-charging your mission dollars. We really need to get behind and support this ministry.

TALANGA, HONDURAS October 17-28, 2011 UPDATE

We had 27 folks go to Honduras to build the 28x80 Church building at Talanga. We also built 48 pews for this beautiful building as well as matching pulpit and communion table. We put decorative, but strong bars and mesh over the windows to protect the musical instruments inside from those that might borrow and forget to return. This was a Church of people who had never met together before. The preacher

had started home Churches and they had no building to get them all together. Our VBS was well attended and it was obvious that a lot was learned about the Bible. We had the Lord's Supper and the entire sermon was all about this Supper. The teaching began to be seen as we baptized the first two in the new baptistry at dedication. We look forward to reports of many more souls being saved.

FINANCIAL REPORT

Joe and Fae have served as the Domestic Coordinator for World Mission Builders since 1999 (11 1/2 years). They have provided leadership, organization, fund raising, and bringing together volunteers for actual construction for over 60 projects.

Their ministry of building churches and prison chapels is made possible by many of you who support them on a monthly basis. Your gifts sent to Church Growth Ministries are what makes their ministry possible.

In addition to building churches/chapels Joe and Fae have assisted Ed Thomas, WMB Director, by raising funds to build churches in the Philippines and other 3rd world countries.

They still have need of additional supporting partners. Please contact Joe at wiljoeok@yahoo.com or (580)747-2550.
